

CAPTURING THE BEAUTY OF THE UNSAID

Hey there—

We all know how fast time can pass us by. Years that felt so long as a child fly by as an adult; there is no greater indicator of that than watching the people we love grow and change over the years.

Sure, we all have mountains of snapshots on our phones, but they're always missing the person behind the camera—and I'm guessing that's probably you. The picture is incomplete, not to mention someone's probably got their eyes closed or lunch on their shirt.

Investing in a portrait session gives you the complete picture of your family, a moment to cherish year after year. As your family grows up and moves on, those memories become something incredibly precious to look back on. With each day the little ones are growing up, so take the time to capture and preserve them in exactly the way you want to remember.

Maternity

For our maternity portraits, we love getting out and about in the landscape, but we can easily combine this with an 'at home' session too. These photos are a keepsake of a truly wonderful time in your lives, and we are more than happy to follow your lead if you have a particular vision for this experience.

Newborn

Our newborn sessions take place in the comfort of your own home. This means that you can keep your baby warm, comfortable and happy(!) during the shoot.

Additional information—

LOCATIONS

Please note that as we are based in Wānaka, there is a \$250 travel fee for portraits in Queenstown. If you are able to travel, Wānaka makes for a breathtaking destination for your portrait sitting, and we would highly recommend it for a lovely family day out!

SUPPLY OF IMAGES

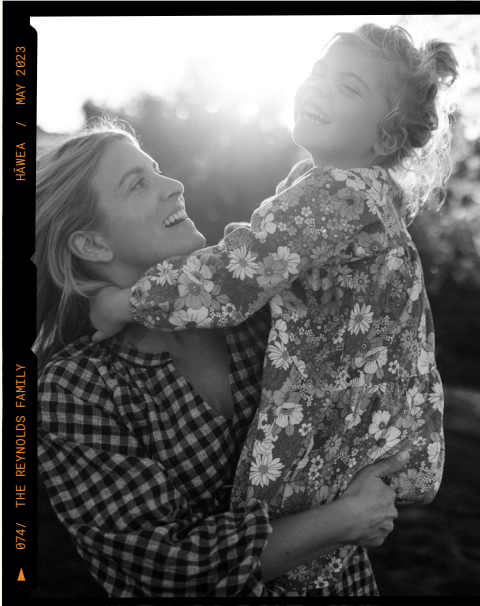

We shoot as many photos as we need to during your portrait sitting, edit them, and upload them to a password protected online gallery for four weeks for you to make your choices. Once you have decided which photos you would like, we will email you a password to download them directly to your computer. Then they are yours to print and share with your loved ones.

WEATHER CONTINGENCY

As a lot of our shoots take place outside, we try to be as flexible as possible if we need to move the shoot due to bad weather. Luckily this doesn't happen often, but it's nice to know that the option is there should you need it!

PRINTING

We supply two copies of each photo: a high resolution version which is generally suitable for printing up to 50 x 40 cm, and a low resolution copy for web use, email, social media etc. You are welcome to make as many prints as you like from your images, we just recommend that you use a reputable and high quality lab to ensure you get the very best from your images. We love to help with albums and both lustre and fine art prints if you would like – just let us know.

Albums & prints—

An album is not only a beautiful way to display your photos, it is a keepsake that only becomes more precious as the years pass.

As adults, who doesn't still love flicking through a (often embarrassing!) album of themselves as a child? We truly believe that in a digital age, the value of preserving your family's memories in print is more important than ever. Albums are your family's history and your children's memories. It lives on for years to come, and for us that is where the true value in photography lies.

ALBUMS

- 10x10" matted album . \$1,200
- Linen or silk cover
- 20 spreads
- Revision of the album before it goes to print to make sure you love the design
- A selection of your images dependent on your package

+ Upgrade to a leather cover for \$60

PRINTS

Alpine Image Co. is co-owned by Yaeh and Jen, and made complete by an incredible team of talented photographers. Each of us has our own love affair with photography, and we all get a bit too excited when we find that perfect slice of light. We love capturing the best of you and your closest people; the joy and the excitement, the bubbles popping and the (happy) tears. On the day we are the time keepers, the dress fluffers, the button hole putter-on-ers, the extra bridesmaid/man if needed and sometimes the rent-a-mate. We regularly hear from our couples that they felt like we were there as a friend, and that's the highest praise there is!

Whether it's a secret elopement or a huge gathering, we're with you every step of the way - from the first email to the last shutter click - and put our all into creating one-of-a-kind images for you to treasure forever.
